

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
US OSHA HCS 2024 and Canada Hazardous Products Act (HPA) and  
Hazardous Products Regulation (HPR), as amended

Issuing Date 11-Apr-2022

Revision date 23-Dec-2025

Revision Number 3

## 1. Identification

### Product identifier

**Product Name** AMSOIL Premium SAE 5W-40 Synthetic Scooter Oil

### Other means of identification

**Product Code(s)** APS

**Synonyms** None

### Recommended use of the chemical and restrictions on use

**Recommended use** Engine oil

**Restrictions on use** Avoid formation of mists

### Details of the supplier of the safety data sheet

#### Supplier Address

AMSOIL INC.  
Bay Adelaide Centre, East Tower  
22 Adelaide St. W  
Toronto, ON, Canada M5H 4E3  
T: +1 877-822-5172

#### Manufacturer Address

AMSOIL INC.  
One AMSOIL Center  
Superior, WI 54880, USA  
T: +1 715-392-7101

**E-mail** compliance@amsoil.com

### Emergency telephone number

**Emergency telephone** CHEMTREC: Within USA and Canada: 1-800-424-9300  
Outside the USA and Canada: +1 703-741-5970  
(collect calls accepted) 24/7

## 2. Hazard(s) identification

### Classification of the substance or mixture

This product is not considered hazardous by either the US OSHA Hazard Communication Standard 2024, or Canada Hazardous Products Act (HPA) and Hazardous Products Regulation (HPR), as amended.

### Label elements

#### **Hazard statements**

Not classified.

#### **Hazards classified under paragraph (d)(1)(ii) of 1910.1200**

No information available.

**Other information**

Causes mild skin irritation. Harmful to aquatic life with long lasting effects.

**3. Composition/information on ingredients****Substance**

Not applicable.

**Mixture**

| Chemical name  | CAS No.    | Weight-% |
|--|------------|----------|
| Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts | 84605-29-8 | 1 - 5    |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

**Chemical Additions**

The classification as a carcinogen does not apply as it can be shown that the substance(s) contain(s) less than 3% DMSO extract as measured by IP 346.

**4. First-aid measures****Description of first aid measures**

|   |   |
|---|---|
| <b>General advice</b>                     | Get medical attention immediately if symptoms occur. Show this safety data sheet to the doctor in attendance.   |
| <b>Inhalation</b>                         | Remove person to fresh air and keep comfortable for breathing.  |
| <b>Eye contact</b>                        | Rinse thoroughly with plenty of water, also under the eyelids. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists. |
| <b>Skin contact</b>                       | Wash skin with soap and water. Take off contaminated clothing. Get medical attention if irritation develops and persists.   |
| <b>Ingestion</b>                          | Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth. Get medical attention if symptoms occur.  |
| <b>Self-protection of the first aider</b> | Wear personal protective clothing (see section 8).  |

**Most important symptoms and effects, both acute and delayed**

**Symptoms** May cause gastrointestinal discomfort if consumed in large amounts. Symptoms of overexposure are dizziness, headache, tiredness, nausea, unconsciousness and difficulty breathing. Prolonged contact may cause redness and irritation.

**Effects of Exposure** None known.

**Indication of any immediate medical attention and special treatment needed**

**Note to physicians** Treat symptomatically.

## 5. Fire-fighting measures

|   |   |
|---|---|
| <b>Suitable Extinguishing Media</b>                                   | Water spray, carbon dioxide (CO <sub>2</sub> ), dry chemical, alcohol-resistant foam. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| <b>Unsuitable extinguishing media</b>                                 | Do not use a solid water stream as it may scatter and spread fire.  |
| <b>Specific hazards arising from the chemical</b>                     | Containers can burst or explode when heated, due to excessive pressure build-up. Thermal decomposition can lead to release of irritating gases and vapors.                                    |
| <b>Hazardous combustion products</b>                                  | Carbon monoxide, carbon dioxide and unburned hydrocarbons (smoke).  |
| <b>Explosion data</b>   |   |
| <b>Sensitivity to mechanical impact</b>                               | None.   |
| <b>Sensitivity to static discharge</b>                                | None.   |
| <b>Special protective equipment and precautions for fire-fighters</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.  |

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

|                                 |   |
|---------------------------------|---|
| <b>Personal precautions</b>     | Use personal protective equipment as required. See section 8 for more information. Ensure adequate ventilation. |
| <b>For emergency responders</b> | Use personal protection recommended in Section 8.   |

### Methods and material for containment and cleaning up

|                                    |  |
|------------------------------------|--|
| <b>Methods for containment</b>     | Prevent further leakage or spillage if safe to do so.  |
| <b>Methods for cleaning up</b>     | Contain and collect spillage with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see Section 13). Clean contaminated surface thoroughly. After cleaning, flush away traces with water. |
| <b>Reference to other sections</b> | For additional information see: Section 8: Exposure controls/personal protection; Section 12: Ecological information; Section 13: Disposal considerations.   |

## 7. Handling and storage

### Precautions for safe handling

|                                       |   |
|---------------------------------------|---|
| <b>Advice on safe handling</b>        | Handle in accordance with good industrial hygiene and safety practice. Avoid contact with used product. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before reuse. Wash thoroughly after handling. |
| <b>General hygiene considerations</b> | Do not eat, drink or smoke when using this product. Wash hands before breaks and after work.  |

### Conditions for safe storage, including any incompatibilities

|                           |  |
|---------------------------|--|
| <b>Storage Conditions</b> | Do not reuse empty containers. Keep away from Incompatible materials. See section 10 for more information. |
|---------------------------|--|

## 8. Exposure controls/personal protection

### Control Parameters

|   |   |
|---|---|
| <b>Exposure Limits</b>  | The following ingredients are the only ingredients of the product above the cut-off level (or level that contributes to the hazard classification of the mixture) which have an exposure limit applicable in the region for which this safety data sheet is intended or other recommended limit. At this time, the other relevant constituents have no known exposure limits from the sources listed here. Under conditions which may generate mists, the following exposure limits are recommended: Long-term exposure limit (8-hour TWA): 5 mg/m <sup>3</sup> . Short-term exposure limit (15-minute): 10 mg/m <sup>3</sup> . |
| <b>Note</b><br><b>Other information on limit values</b>                             | See section 16 for terms and abbreviations.<br>Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992).  |
| <b>Biological occupational exposure limits</b>                                      | This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies.  |
| <b><u>Appropriate engineering controls</u></b>                                      |   |
| <b>Engineering controls</b>   | Ensure adequate ventilation, especially in confined areas.  |
| <b><u>Individual protection measures, such as personal protective equipment</u></b> |   |
| <b>Eye/face protection</b>  | If there is a risk of contact: Wear safety glasses with side shields (or goggles).  |
| <b>Hand protection</b>  | If there is a risk of contact: Wear suitable gloves. Ensure that the breakthrough time of the glove material is not exceeded. Refer to glove supplier for information on breakthrough time for specific gloves.   |
| <b>Skin and body protection</b>   | If there is a risk of contact: Wear suitable protective clothing.   |
| <b>Respiratory protection</b>   | No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.  |
| <b>Environmental exposure controls</b>  | Avoid release to the environment.   |
| <b>General hygiene considerations</b>   | Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product.   |

**9. Physical and chemical properties**

**Information on basic physical and chemical properties**

|                                       |                  |
|---------------------------------------|------------------|
| <b>Appearance</b>                     |                  |
| <b>Physical state</b>                 | Liquid           |
| <b>Color</b>                          | Brown            |
| <b>Odor (includes odor threshold)</b> | Mild hydrocarbon |

| <b><u>Property</u></b>   | <b><u>Values</u></b> | <b><u>Remarks • Method</u></b> |
|--|----------------------|--------------------------------|
| <b>Melting point / freezing point</b>                            |                      | No data available              |
| <b>Boiling point (or initial boiling point or boiling range)</b> |                      | No data available              |
| <b>Flammability</b>  |                      | No data available              |

|  |   |                              |
|--|---|------------------------------|
| <b>Flammability Limit in Air</b>                         |   |                              |
| Upper flammability or explosive limits                   |   | No data available            |
| Lower flammability or explosive limits                   |   | No data available            |
| <b>Flash point</b>                                       | 224 °C / 435.2 °F                       | Cleveland Open Cup ASTM D 92 |
| <b>Autoignition temperature</b>                          |   | No data available            |
| <b>Decomposition temperature</b>                         |   | No data available            |
| SADT (°C)  |   | No data available            |
| <b>pH</b>  |   | No data available            |
| pH (as aqueous solution)                                 |   | No data available            |
| <b>Kinematic viscosity</b>                               | 90.3 cSt at 40 °C<br>15.4 cSt at 100 °C | ASTM D445                    |
| <b>Dynamic viscosity</b>                                 |   | No data available            |
| <b>Solubility</b>  |   | No data available            |
| Water solubility   |   | No data available            |
| <b>Partition coefficient n-octanol/water (log value)</b> |   | No data available            |
| <b>Vapor pressure (includes evaporation rate)</b>        |   | No data available            |
| Evaporation rate   |   | No data available            |
| <b>Density and/or relative density</b>                   | 0.8514                                  | No data available            |
| Bulk density   |   | No data available            |
| Liquid Density   |   | No data available            |
| <b>Relative vapor density</b>                            |   | No data available            |
| <b>Particle characteristics</b>                          |   |                              |

| <b><u>Other information</u></b>                          |   |                              |
| <b>Molecular weight</b>                                  | No information available                |                              |
| <b>VOC content</b>                                       | No information available                |                              |
| <b>Softening point</b>                                   | No information available                |                              |
| <b>Pour Point</b>  | -43 °C [ASTM D 97]                      |                              |
| <b>Fire Point</b>  | 234 °C (COC) [ASTM D 92]                |                              |

**Information with regard to physical hazard classes**

|                             |                          |
|-----------------------------|--------------------------|
| <b>Explosives</b>           |                          |
| Explosive properties        | No information available |
| <b>Oxidizing properties</b> | No information available |

**10. Stability and reactivity**

|   |  |
|---|--|
| <b>Reactivity</b>                         | None under normal use conditions.  |
| <b>Chemical stability</b>                 | Stable under normal conditions.  |
| <b>Possibility of hazardous reactions</b> | None under normal processing.  |
| <b>Conditions to avoid</b>                | None known based on information supplied.  |
| <b>Incompatible materials</b>             | None known based on information supplied.  |
| <b>Hazardous decomposition products</b>   | Thermal decomposition can lead to release of irritating and toxic gases and vapors. Carbon monoxide, carbon dioxide and unburned hydrocarbons (smoke). |

**11. Toxicological information****Information on likely routes of exposure**

|                   |   |
|-------------------|---|
| <b>Inhalation</b> | Specific test data for the substance or mixture is not available. |
|-------------------|---|

|                     |  |
|---------------------|--|
| <b>Eye contact</b>  | Specific test data for the substance or mixture is not available.                              |
| <b>Skin contact</b> | Specific test data for the substance or mixture is not available. Causes mild skin irritation. |
| <b>Ingestion</b>    | Specific test data for the substance or mixture is not available.                              |

**Symptoms related to the physical, chemical and toxicological characteristics**

**Symptoms** Symptoms of overexposure are dizziness, headache, tiredness, nausea, unconsciousness and difficulty breathing. Prolonged contact may cause redness and irritation.

**Acute toxicity** Based on available data, the classification criteria are not met.

**Numerical measures of toxicity**

The following ATE values have been calculated for the mixture:

ATEmix (oral) >5000 mg/kg

**Component Information**

| Chemical name  | Oral LD50                                    | Dermal LD50             | Inhalation LC50        |
|--|--|-------------------------|------------------------|
| Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts | = 3100 mg/kg ( Rat )<br>= 3200 mg/kg ( Rat ) | > 2000 mg/kg ( Rabbit ) | > 2.3 mg/L ( Rat ) 4 h |

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Skin corrosion/irritation** Classification based on data available for ingredients. Causes mild skin irritation.

| Component Information   |                |        |         |               |         |
|---|----------------|--------|---------|---------------|---------|
| Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts (84605-29-8) |                |        |         |               |         |
| Exposure route  | Effective dose | Method | Species | Exposure time | Results |
| Dermal  | 0.5 mL         |        |         |               |         |

**Serious eye damage/eye irritation** No information available.

| Component Information   |        |         |                |               |         |
|---|--------|---------|----------------|---------------|---------|
| Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts (84605-29-8) |        |         |                |               |         |
| Effective dose  | Method | Species | Exposure route | Exposure time | Results |
| 0.1 mL  |        |         |                |               |         |

**Respiratory or skin sensitization** No information available.

**Germ cell mutagenicity** No information available.

**Carcinogenicity** The classification as a carcinogen does not apply as it can be shown that the substance(s) contain(s) less than 3% DMSO extract as measured by IP 346.

|                                 |   |
|---------------------------------|---|
| <b>Reproductive toxicity</b>    | No information available.   |
| <b>STOT - single exposure</b>   | No information available.   |
| <b>STOT - repeated exposure</b> | No information available.   |
| <b>Aspiration hazard</b>        | Due to the viscosity, this product does not present an aspiration hazard. |

## 12. Ecological information

**Ecotoxicity** Harmful to aquatic life with long lasting effects.

| Chemical name  | Algae/aquatic plants | Fish                                      | Toxicity to microorganisms | Crustacea                          |
|--|----------------------|---|----------------------------|------------------------------------|
| Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts<br>84605-29-8 | -                    | LC50: =4.5mg/L (96h, Oncorhynchus mykiss) | -                          | EC50: =23mg/L (48h, Daphnia magna) |

**Persistence and degradability** No information available.

### Bioaccumulation

#### Component Information

| Chemical name  | Partition coefficient |
|--|-----------------------|
| Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts<br>84605-29-8 | 0.56                  |

**Other adverse effects** No information available.

## 13. Disposal considerations

### Disposal methods

**Waste from residues/unused products** Dispose of in accordance with local regulations, Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Do not reuse empty containers.

**California waste information** This product contains one or more substances that are listed with the State of California as a hazardous waste.

**14. Transport information**

**DOT** Not regulated  
**TDG** Not regulated  
**IATA** Not regulated  
**IMDG** Not regulated

**15. Regulatory information**

**Safety, health and environmental regulations/legislation specific for the substance or mixture**

**International Regulations**

**The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable  
**The Stockholm Convention on Persistent Organic Pollutants** Not applicable  
**The Rotterdam Convention** Not applicable

**International Inventories**

Contact supplier for inventory compliance status

**US Federal Regulations**

**SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

| Chemical name   | SARA 313 - Threshold Values % |
|---|-------------------------------|
| Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts - 84605-29-8 | 1.0                           |

**SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

**CWA (Clean Water Act)**

This product contains the following substances which are regulated pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

| Chemical name   | CWA - Reportable Quantities | CWA - Toxic Pollutants | CWA - Priority Pollutants | CWA - Hazardous Substances |
|---|-----------------------------|------------------------|---------------------------|----------------------------|
| Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts 84605-29-8 | -                           | X                      | -                         | -                          |

**CAA (Clean Air Act)**

This product does not contain any substances regulated as pollutants pursuant to Clean Air Act (CAA).

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**US State Regulations****California Proposition 65**

This product contains the following Proposition 65 chemicals:

| Chemical name               | California Proposition 65                        |
|-----------------------------|--|
| Ethylbenzene - 100-41-4     | Carcinogen                                       |
| Chrysene - 218-01-9         | Carcinogen                                       |
| Naphthalene - 91-20-3       | Carcinogen                                       |
| Cumene - 98-82-8            | Carcinogen                                       |
